

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

Electronic Investigation Of The Service, Rates And)
Facilities Of Kentucky Power Company) Case No. 2021-00370

Kentucky Power Company's Notice of Filing of Witness List

Kentucky Power Company gives notice pursuant to the Commission's Order of September 27, 2021 Order that the Company will offer testimony at the October 5, 2021 hearing from the following witnesses.

D. Brett Mattison, President and Chief Operating Officer of Kentucky Power Company: Mr. Mattison pre-filed direct testimony on September 30, 2021. Mr. Mattison is expected to offer testimony at the October 5, 2021 hearing on the matters described in his direct testimony; those aspects of Kentucky Power's operations and decision-making identified in the Commission's September 27, 2021 Order in in connection with Topics 1-3; at a high level, the documents responsive to Topic 4 in the September 27, 2021 Order; and certain areas of the Mitchell Operating Agreement that could be modified to protect Kentucky Power and its customers if Wheeling Power Company constructs the ELG project at the Mitchell Plant.

Gary Spitznogle, Vice President of Environmental Services: Mr. Spitznogle will be available to answer questions regarding the Mitchell Environmental Compliance Plans of Kentucky Power and Wheeling Power, and other related matters, as directed by the Commission's September 27, 2021 Order.

Tim Kerns, Vice President Generating Assets: Mr. Kerns will be available to answer questions regarding the potential effect on generation planning or operations as a result of the strategic review of Kentucky Power (Topic 1); actions taken or decisions made with respect to the Mitchell Operating Agreement as a result of the strategic review (Topics 2 and 3); and the current Mitchell Operating Agreement.

Amanda Conner, Vice President of FERC and RTO Strategy & Policy: Ms. Conner will be available to answer questions regarding the AEP East Transmission Agreement and PJM governing documents related to transmission, and any implication those documents would have on Kentucky Power and its customers as a result of AEP's divestiture of Kentucky Power (Topic 4); the ability of Kentucky Power to become its own PJM zone and any potential impact on Kentucky Power and its customers as a result.

Kamran Ali, Vice President of Transmission Planning & Analysis: Mr. Ali will be available to answer questions regarding the potential effect on transmission planning or operations as a result of the strategic review of Kentucky Power (Topic 1); Kentucky Power's response to the Commission's Orders in Case No. 2020-00062 related to planned capital investment by Kentucky Transco; and any potential transmission planning impacts related to Topics 4 and 5.

Alex Vaughan, Director of Regulated Pricing and Renewables: Mr. Vaughan will be available to answer questions regarding PJM Base Residual Auctions; generation-related and FERC-jurisdictional wholesale power agreements other than the Mitchell Operating Agreement; and other affiliate agreements intended to leverage the size and scale of the AEP system to combine resources and achieve efficiency.

Respectfully submitted,

Mark R. Overstreet
